Have you ever tried to imagine SM without Father Joel? Have you ever tried to imagine space travel without a computer?!! The results of both are the same.

The '70-'71 school term marks Father's fifth year at St. Mary's. In these five years; students have come to honor and respect his stable administration of school affairs.

More important though is the love felt by SM for this jovial friar. The sound of P.J.'s (Papa Joel) booming laugh is frequently heard echoing through the main hall.

Five years is long for a Franciscan to spend at one school but hopefully Father Joel will be at St. Mary's for at least five more.

At every school there are a small handful of teachers whose years of loyal service have brought them recognition as "members of the family". At St. Mary's, Coach Echenique is a leading example of a teacher having this "family status."

In her second year as Dean of Girls, Coach has continually carried out well the duties of this difficult post.

In the office of Dean of Boys sat a new man to strike fear into hearts of SM boys: Coach Koenigs!

Disciplining male students can be a pain for any Dean, but when it's a Dean's first year on the job, boys are inclined to be rather testy. Nonetheless, Coach Koenigs came through with flying colors.

# Background

Mrs. Cossell  
Counselor

There are many duties involved in running a high school, duties with which the teachers should not have to be bothered

Mrs. Phillips and Mrs. Elais, our competent ladies in the office, have charge of some of these miscellaneous duties. Collecting fees, tuition, and listening to our original (?) excuses concerning absences

As higher education becomes more complex and a student's decision about college becomes more and more important, the role of a good counselor can not be minimized. In Mrs. Cossell, SM students are lucky to have an energetic and interested helper

Taking care of the physical aches and pains is Mrs. Kilcullen, the school nurse. She also aids the athletes by seeing that they get their yearly physicals

Mrs. Woodhouse holds the purse strings of the school as she records payments made and bills incurred by students

In any Catholic school, the Religion De-  
partment must be considered one of the  
most vital areas of study

As Freshmen, students explore the hu-  
manity of Christ, while Sophomores learn  
of their own developing personalities

Juniors and Seniors study a set of four  
books. On the Junior level emphasis is  
placed on the daily responsibilities of the  
Christian and the various expressions of  
belief in God. Seniors consider the prob-  
lems of the world in the context of recent  
papal encyclicals

# English - Mastery

English is often considered one of the most difficult of languages to master. Even people whose native tongue is English have trouble really learning their language, and its intricacies.

This is one reason why students are required to take four years of English. Another reason is to acquaint students with famous literature and authors. Students learn of Shakespeare, Longfellow, Hawthorne, and other famous men who wrote in a style that has been enjoyed for ages.

Teachers in the English department try to teach this literature as well as grammar, to give SM students a more rounded and versatile education

# A View Of Yesterday For Today

"Pshaw! P-S-H-A W! Pshaw!" This was Coach Doherty's laughing remark when asked to comment on the Social Studies Department. Despite this light-hearted comment the Department which studies man's societies, Social Studies broadens student's outlooks. It give them a perspective from which to view the events of today by examining the world of yesterday

World History and Geography give Freshmen a sound historical background. As Juniors, SM students study American History, preparing for a more in-depths view of American government in their Senior year

Students interested in controversy and current events may take Political Science during their Junior or Senior year

Any of the four greetings may echo in the halls of SM as students follow their daily routine. These words are small examples of what students learn in their language courses. French, Spanish, Latin, and Special English are the four courses taught. The foreign language courses enable students to communicate with people they otherwise might never have met. Isn't that what life is all about? Communication!

# SM Keeps In Shape

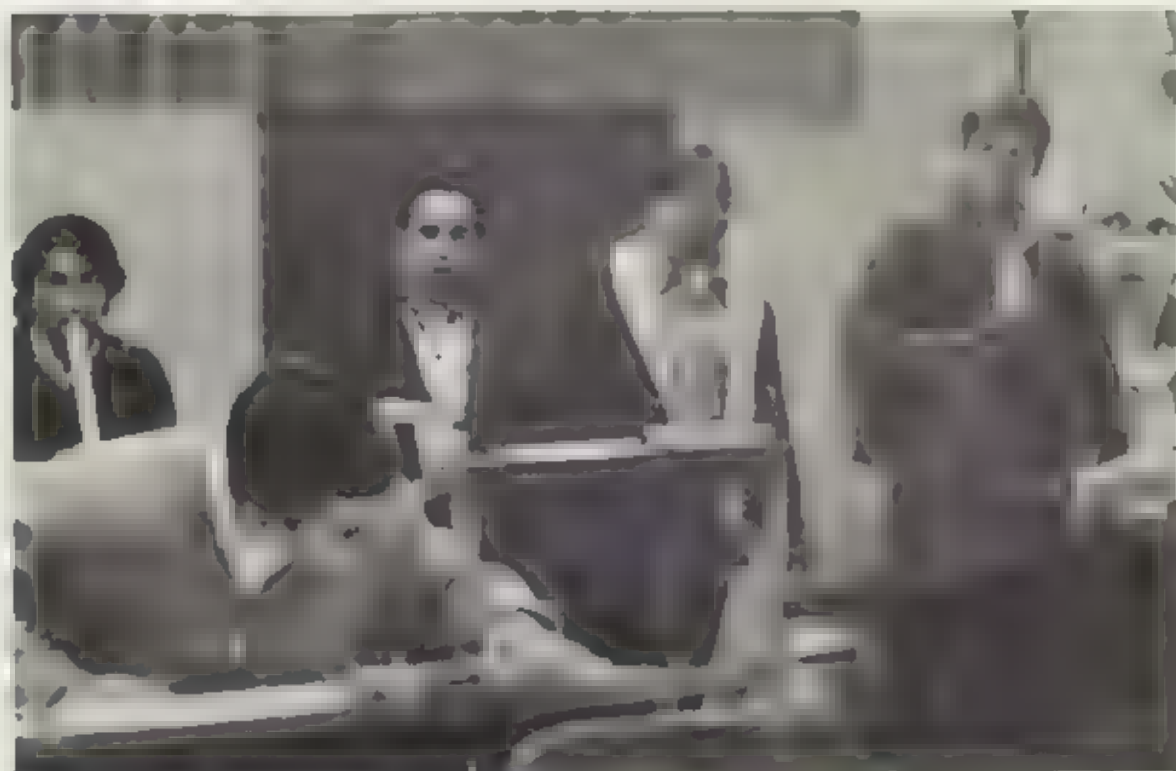

"Side Out!" "Set em up!"

These cries were frequently heard coming from the SM gym at the height of the volleyball season. As the upper-classmen polished their athletic skills, during the second semester the freshmen attended health classes. Here they learned how to take care of the basic health problems.

# Communication: Two Styles

Mr. Hickman teaches two "art" classes. He instructs students in the art of mechanical drawing three times daily. He also helps students discover the art of communication.

This is done through his two Human Relations classes which meet three times weekly. Unlike mechanical drawing, this class has no actual lessons. Students are mainly concerned with trying to get along with different people and understand their different views.

The Human Relations class is offered to all upperclassmen, Sophomores, Juniors, and Seniors. Someone might call it a Personality Development class and laugh it off, saying, "I don't need that." But, many students are giving time and effort to be here at 7:10 and contribute to the class.

# JUNIORS

# Juniors - One Step Away.

Joanne Perez, Treasurer, Steve Matt, Sgt.-At-Arms, Norma Gedinez, Secretary, Nicki Schillihan, Vice-President, Frankie Banks, President

Junior year at SM means many things to different people. To some, it is being lower-upper classmen, receiving their class ring, taking a PSAT test, or going to the prom. It is also a year of change, from followers to next year's leaders, from students to scholars.

This year Juniors tried many new ideas. One was having all female class officers. Led by these girls, the class did everything from collecting money for worthy projects to giving away free cookies. As one girl summed it up, "Fantastic, a year full of new experiences and ideas."

# ACTIVITIES

# Is It Really

It hurts to pay

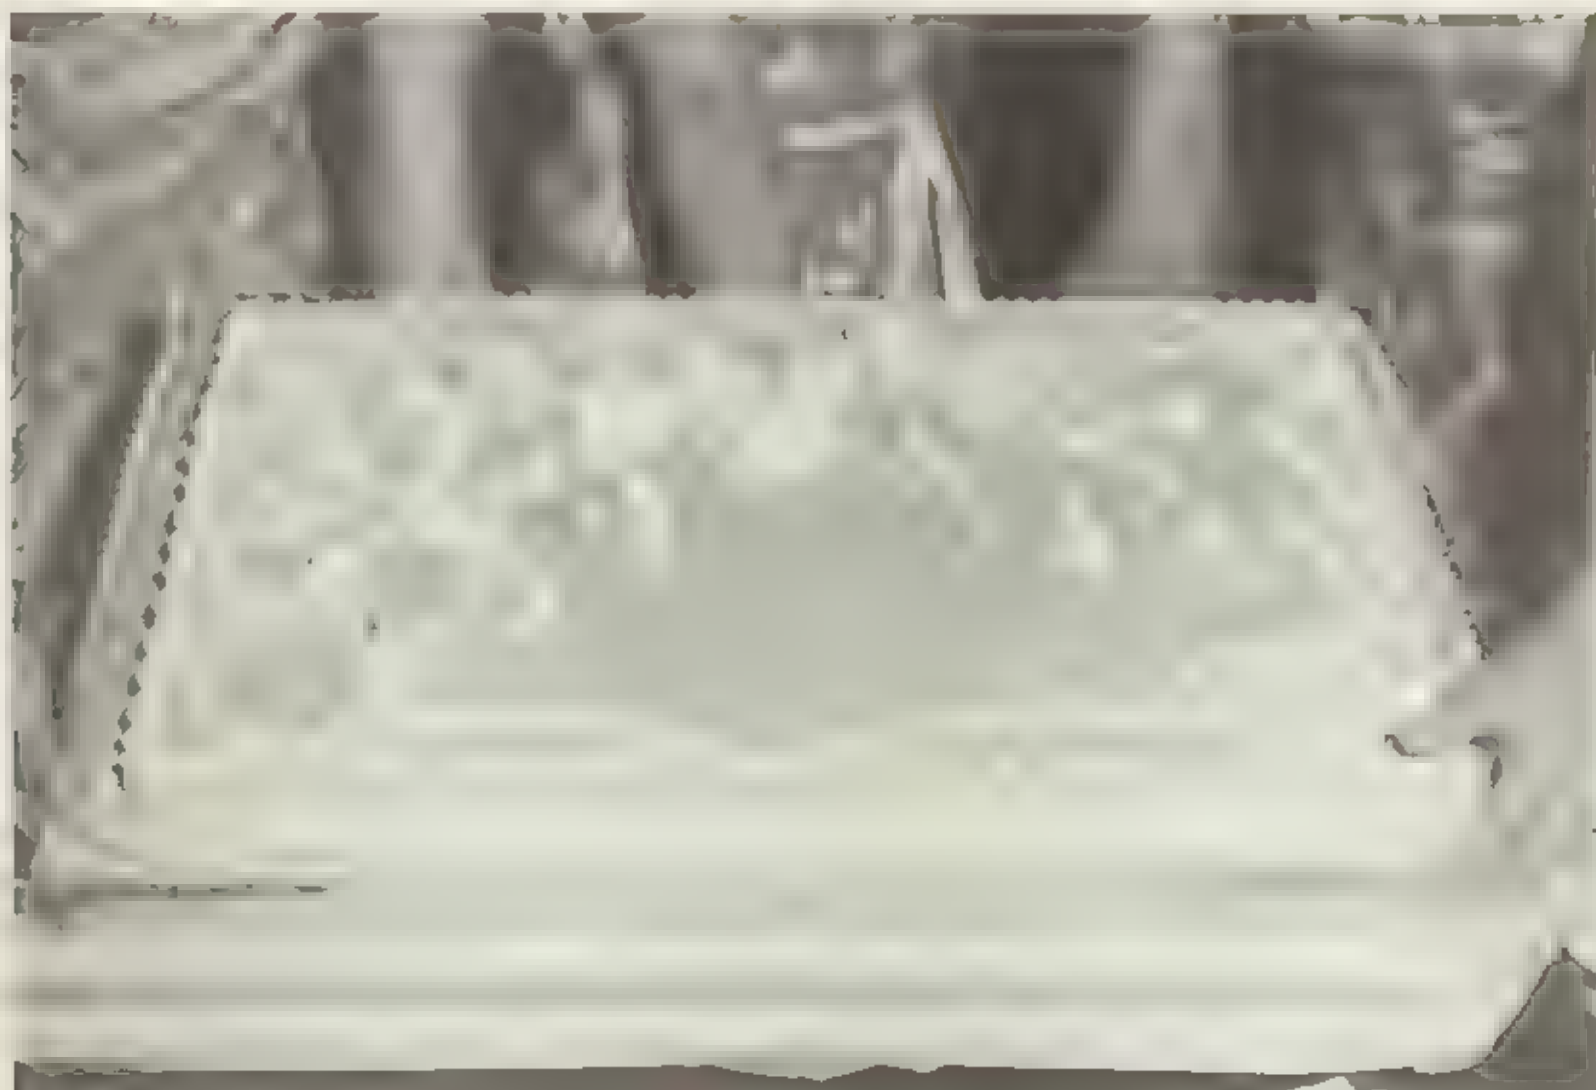

# Worth It?

Registration was many things to many people. To Pat Baker, it was handing over her money in rolls of dimes, nickles and pennies. To Sister Anacleto, it was mixing up her Bakers. The Sophomores were delighted by Frosh confusion, and memories of their first registration. It was also a day of lockers refusing to open for new owners. In spite of all the shortcomings, registration was a time of greeting friends, new and old. Registration proved to be, as always, just a beginning.

Tradition plays a major role in life at SM. Although many claim tradition is dying, the Senior girls keep one alive: the Big-Little Sister Tea

The Tea serves two important purposes both aimed at making life easier for incoming Frosh girls. It provides a chance for Freshmen and Seniors to get acquainted. Each Freshman girl receives a "big sister" to help her throughout the year

After the girls had all arrived, big and little sisters were introduced and given time to talk. A fashion show highlighted the Tea, as Seniors modeled the appropriate dress for various school functions. Refreshments were then served. Many new friendships were evident amid the clatter of chairs and tables being put away as both Seniors and Freshmen pitched in to restore order to the Lower Church

Frosh try for T D

In mid-September, the school focused its attention on the comic-tragedy enacted by Freshmen and Seniors; Initiation. "Slavery" paid a brief visit to SM, as the Frosh suffered the ordeal of induction into high school life

Clad in mis-matched outfits the youngsters of the school performed a variety of errands, from pulling a Porta-Crib to sweeping the sidewalk with toothbrushes.

Fresh MEN display their masculine abilities

# Chaos Forms "Fantasia"

HOMECOMING!?! At SM, confusion is synonymous with Homecoming, as each year the student body converts the "everyday" gym into a place of beauty and imagination

The ingredients of this yearly tranformation and such improbable items as crepe paper, butcher paper, balloons, and a lot of work on the part of the heads and the handful of interested students

November 13, 1970 was no different than any previous Homecoming, as students turned the chaos of the morning hours into the "World of Fantasy" that greeted the eyes of those attending the rally and dance

Fantasyland" —with this thought in mind Homecoming Heads waded through visions of Mickey Mouse waltzing with Minnie and other Disney characters. Discarding such ideas as foolishness they turned to a more dignified plan of decoration

The success of these plan was evident at the dance. A new idea at Homecoming '70 was having the Queen's platform in the center of the gym. A colorful carousel formed the throne for the Queen and her attendants. Crepe paper streamers disguised the ceiling while the gym entrance assumed the appearance of a gingerbread house. Couples entered on a yellowbrick road into a world of Fantasy

# 'Small Fry' Visit SM

Frankie Banks leads a group of interested eighth graders into the "upper regions" of St. Mary's

Thoughts like "Were we really that short just four years ago?" crossed the minds of Seniors as they guided eighth graders through various classes. The thoughts of our guests can only be guessed, but most seemed to enjoy their tour.

First on the agenda was a welcoming speech from the Student Body President, Joe Rodriguez. Then the boys toured 5th period classes, the girls viewed a fashion show. After their tour, the boys were treated to an inspection of the gym and films from last year's football games.

All eighth graders were then guests of the assembly at which the Sweethearts were announced

Hopefully through the various tours and by participating in a pep assembly, they received some notion of what "life at SM" is like

# CHRISTMAS PRESENTATION

Christmas celebrations began at SM with the student body attending a Christmas Mass, celebrated by Father Lester. Following the mass, students filed into the gym to see the traditional Christmas skit, presented by the speech club. The skit, Diogenes' Search for the True Meaning of Christmas, was topped off with "O Holy Night", sung by Martha Mendivil.

SM's celebrations ended that night with a dance produced by the Junior Class. Couples danced to the music of the Looking Glass, and visited with one of the three Santas which appeared that night. Each Santa was attended by an elf, Ginger Elias.

The student body Christmas ended with the dance, but for the families involved with SM, Christmas just began.

# Seniors Say Farewell

Senior moderators for 1970-71 were Miss Echeverria and Mr. Welch

"Fun and Games" directed by the class of '68 got us into the spirit which reigns at St. Mary's

Charcoaled hot dogs, a swim in the lagoon, a pinata filled with water and flour were the highlights of our sophomore class picnic

In our junior year we became involved with the inner-city via St. John's Project. We also sponsored "Polynesian Paradise" otherwise known as the Prom

Ditch Day, Senior Retreat, and Rodeo Week left us with many memories of our Senior year. As May 28th approached, we were filled with many emotions; Farewell St. Mary's!

### My Friend Frank

He walked tall—my Friend Frank,  
Straight, lean and sure,  
In line of duty he could endure,  
The raucous quest — supposed to win,  
Oh, quite the other side of him

He walked quietly — my Friend Frank,  
Unobtrusive, unwavering mien,  
Whenever duty, task or call,  
Demanded heed of him

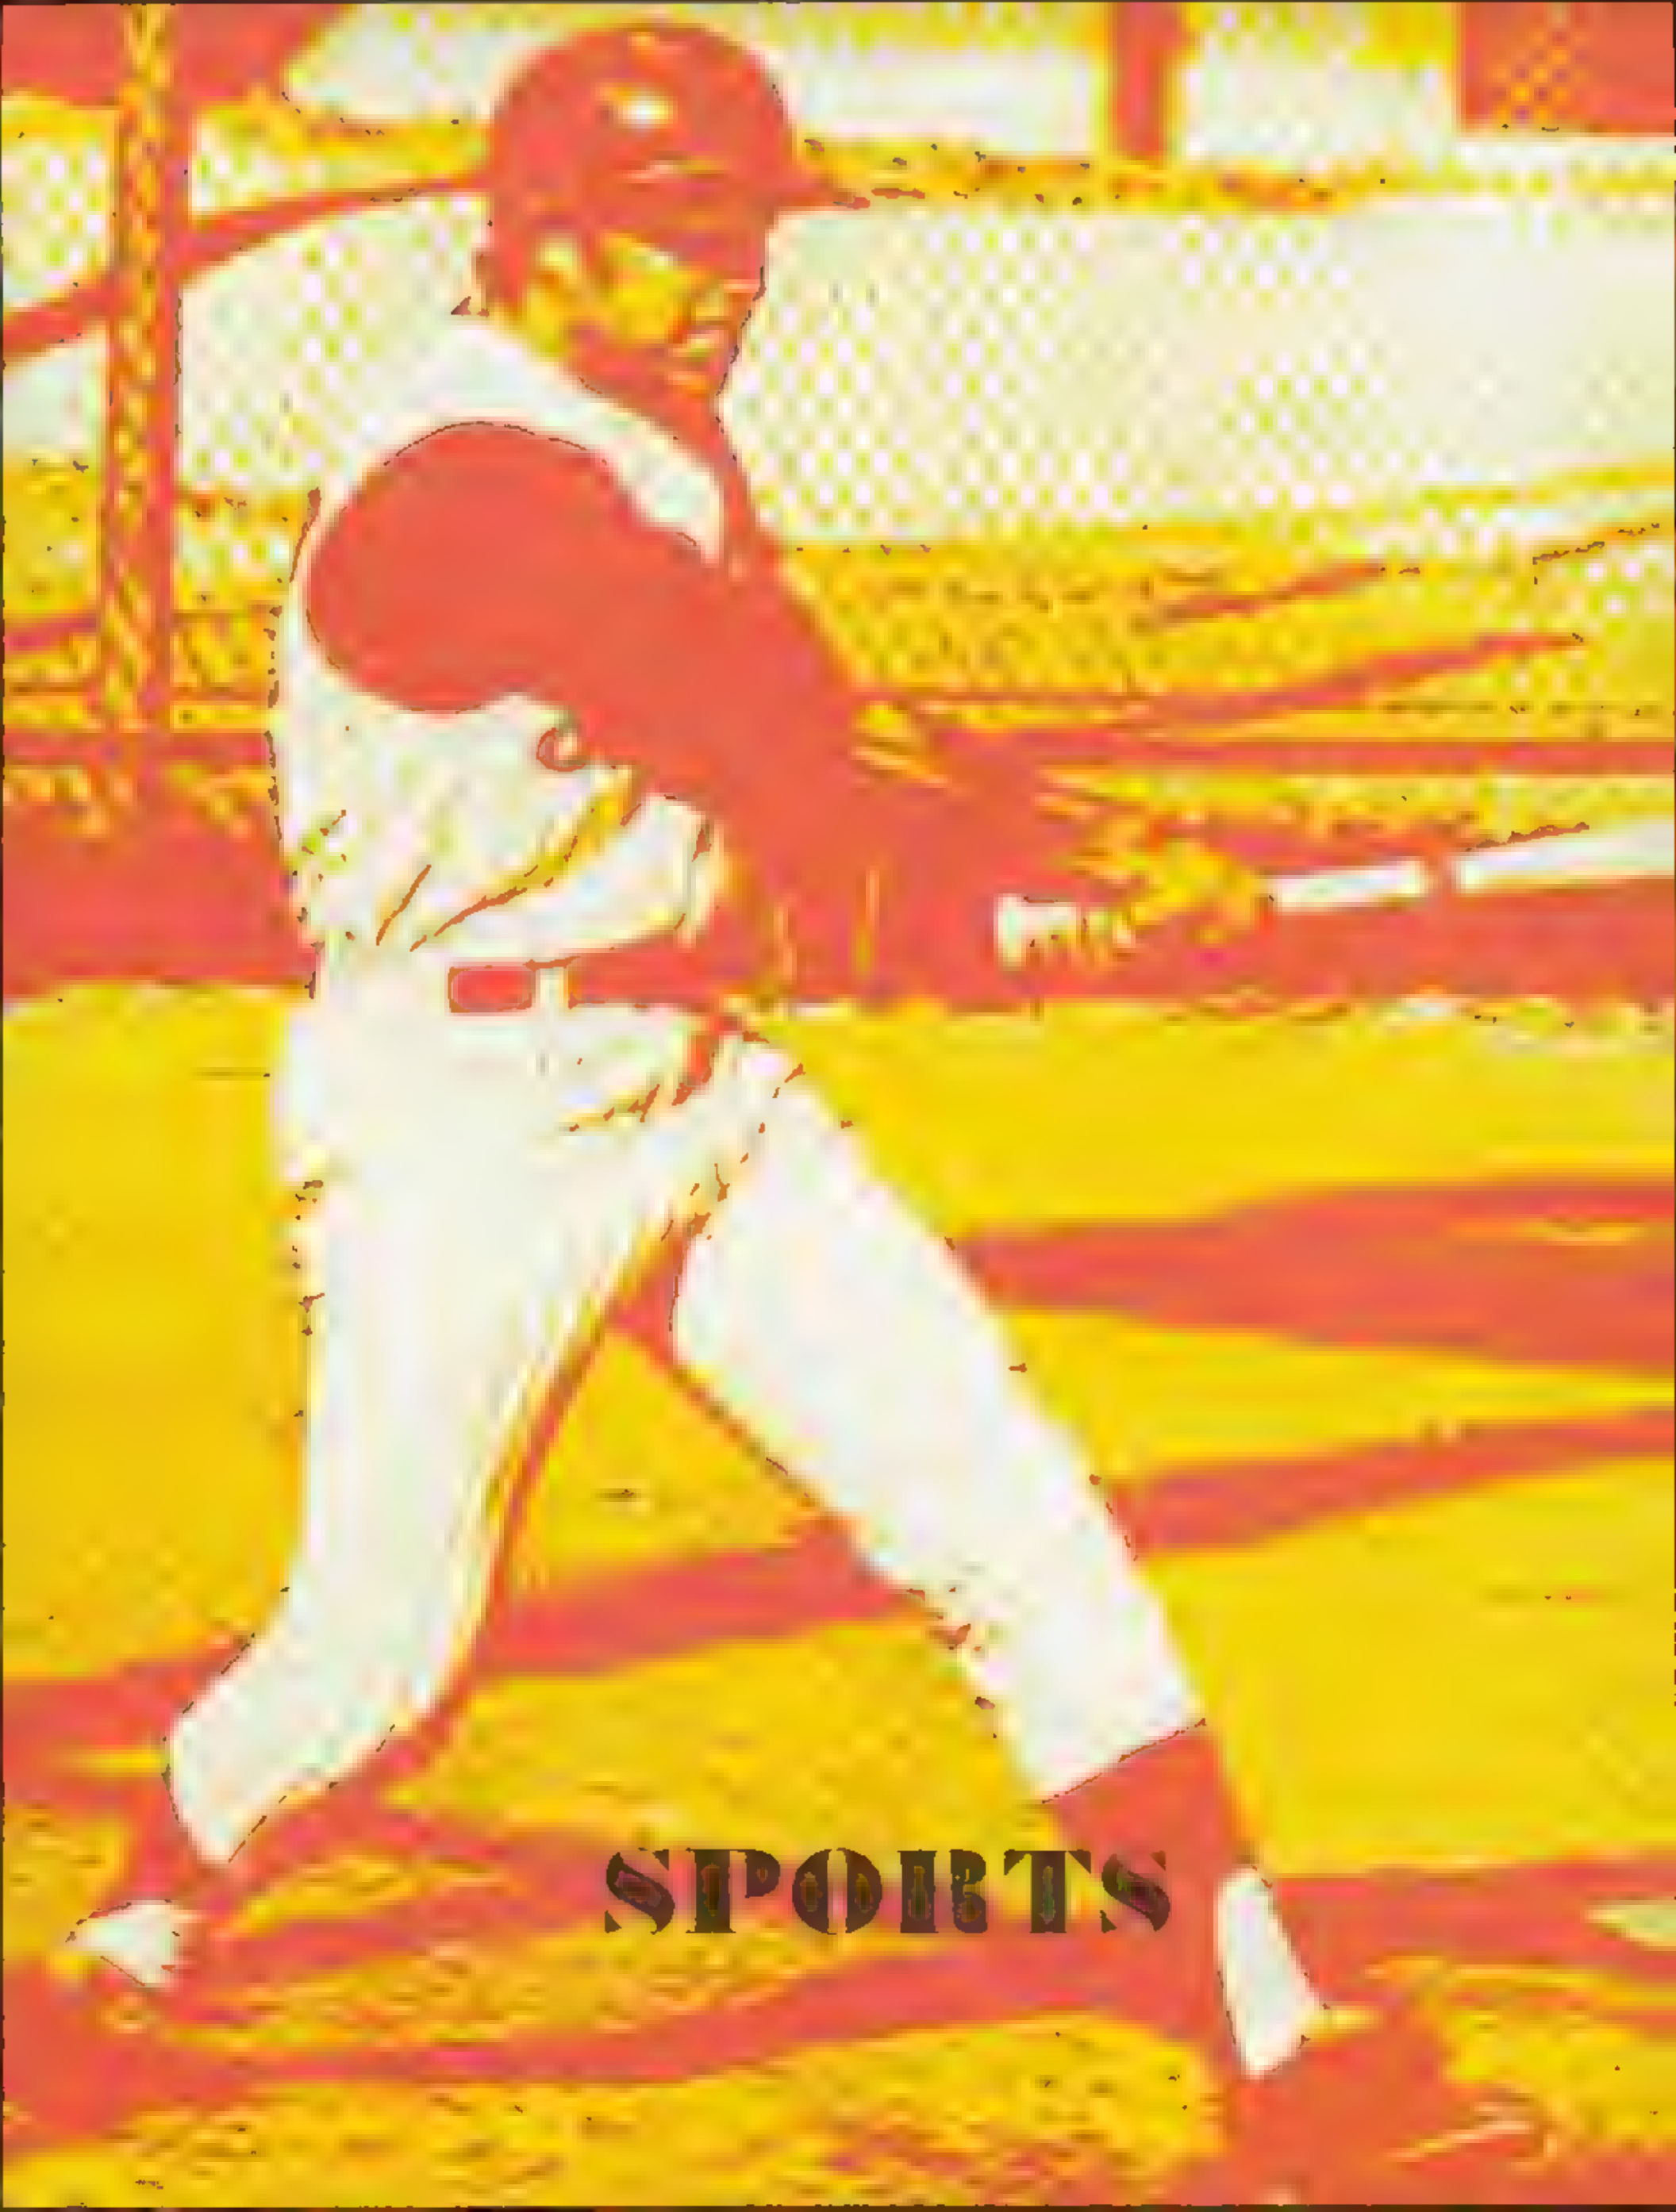

He walked with a lift — my Friend Frank,  
The joy of home and love;  
Security of hearts; all blessing from above.

He walked gaily — my Friend Frank,  
With friends in his train,  
They loved him and always vied  
for his attention gain.

Why reminisce? God knows it all,  
My Friend Frank, answered another call:  
The loving arms of calm and peace,  
Where strife and war and sorrow cease.

SM Girls Track is a new sport for our girls. The team is made up of SM and PU girls, with a lot of hard practicing this team should be in good standings. The competition is a little rough being the only High School with the activity, the run against many Valley Clubs. Always finishing the event with their heads held high.

SM girls actively participate in many sports. This year's softball practice began the week of March 15th. Many Varsity members of last year returned to make this year's club a fairly experienced team

# ORGANIZATIONS

# Officers Gather At SM

# Student Government

Student government officers gather at SM

Just what is a Government Day? Many students asked this question when they heard about it. A Government Day is a day set aside when other high schools can come visit and see how our school is run.

The day was quite a success. Twenty-one public high schools attended. A grand tour of St. Mary's was followed by a lunch served by the Home Ec Department. The day ended with a student council meeting. Ideas were compared and exchanged, with Homecoming as one of the main topics.

Government Days are becoming more frequent. Student Body President Joe Rodriguez and Corresponding Secretary Theresa Jarzabek attended one held by Central High School.

# Council Expresses

Beth Stuart, Recording Secretary; Theresa Jarzabek, Corresponding Secretary, Susie Stuart, Vice-President. Kneeling Chris Georges, Treasurer; and Joe Rodriguez, President

In recent years it has become popular to attach Student Council as a "do-nothing" organization. The Council of '70-'71 has done a great deal to dispel this notion by virtue of its many activities.

The three major projects sponsored by Student Council were two Government Days, the CEP Christmas Project, and a series of Eighth Grade Days

Two organizations on campus are quite different from the usual clubs. This difference lies in two main areas, purpose and membership. These two groups are Senate and Girls' Council.

The primary purpose of both is to see that the rules of SM are obeyed. For the Senate, this involves overseeing the snack bar and enforcing rules regarding general behavior on campus (such as gum chewing and being inside the main hall during lunch).

The members of Girls' Council make and enforce rules concerning the dress code for girls.

Students are selected to both organizations on the basis of leadership ability and respect for school rules.

Standing: Cathy Hegarty, Nancy Askins, Tonie Garcia, Theresa Paul, Miss Echenque, moderator, Patricia Patton, Kris Spear, Cindy Gondek, Kathy Johnston, President. Sitting: Susan McShane, Norma Godinez, Patsy Knobbe, Josie Vera, Bridget Giltner. Kneeling: Kathy Spear, Frankie Banks, Julie Woznicki, secretary, Joanne Perez, Debbv Mitchell, Veronica Sant.

Perhaps one of the most active campus clubs is the Key Club. For those who don't quite know what the Key Club is, it's a service club dedicated to the betterment of the community. Just a few of this year's activities were starting a Saturday evening Mass at St. Mary's and ushering it, picking fruit for the St. Mary's Food Bank, sponsoring canned food drives at Thanksgiving and Christmas, and selling cokes at the Rodeo Parade. They also found time to initiate new members so the spirit of the club will carry on in the future

"This has got to get to the printers, tonight!" After hearing this statement, the Knight Staff goes into high gear. Amid a mass of typing, writing, layouts, and general confusion the staff creates a whole newspaper.

Each month this paper is given to the students. It tells of all the latest news happenings around SM. The Knight also presents features on interesting teachers and students along with movie reviews, and other regular columns.

All together the staff and the Knight try to present a comprehensive look at SM, while pleasing and interesting most of the student body.

# From Chaos To El Caballero

Have you ever seen a class where the teacher tap dances, and flies paper airplanes while conducting another class? This is an apt description of the three annual classes.

Amid pictures, paper, typewriters, and brain storms, dedicated students turn out a book of one year's memories. Under the guidance of Mr. Ladue, students learn photography methods, layout, and copy procedures. All of this contributes to the making of this annual.

# To Speak or Not To - ? !

Standing Moderator Mr. Welch, Patti Patton, Cindy Gondek, Robert Griffin, Terry Westfall, Margie Benitez, Mike Weldon, Sue Shivers, Kris Spear. Sitting Susan Mahon, Deanna Lindsey, Debbie Gondek, kneeling Mark Smith, Joe Martinez.

One of the most active clubs at SM is the Speech and Drama Club. New Leadership was provided this year as Mr. Sean Welch took over the post of Speech Coach.

Under his direction, the Club produced a Christmas skit for the entertainment of the entire student body.

Members also competed in forensic tournaments around the state. Popular events included readings in Serious Prose and Poetry, Dramatic Interpretation, Extemporaneous Speaking, and Duet Acting.

# ¡Viva Español!!

With the intensity of Coronado searching for the Seven Cities of Gold the Spanish Club set out to raise money to journey to San Diego

This was accomplished with burro sales, a poncho raffle, and by selling flautas. The Spanish Club, under the direction of Fr. Juan, has long been recognized as one of the most active clubs on campus

Can you decipher that? In plain English it means forward march 16 steps, right pinwheel 16 steps, forward march 16, left pinwheel 16. In even plainer English, it's a rectangle

Contrary to popular belief, the band works for their school

Football season found the band at Coronado working after hours in the midst of JV and Frosh practice. Have you ever seen a trumpet tackled? Besides working on the regular shows for Friday games, the band accomplished something no other SM band has. They won an "Excellent" rating at the ASU Band Day.

After the football season ended, the band got out their concert music. The season was highlighted by their annual concert presented at Longview Elementary School.

Among other activities are two performances at Legend City, participation in various parades, concerts at elementary schools and playing at home basketball games

# The Challenge Of Chess

The Chess Club is just what it says- a club that plays chess. It is one of the smallest clubs in the school, with only seven members. Although it has not participated in tournaments this year, it has survived for the enjoyment of its members.

The hopes for the next year included a larger membership and greater interest for the age old game of chess.

Back row: Valerie Bonaguidi, President, Debbie Sakato, Vice-President, Beth Moreno, Secretary, Nancy Adams, Treasurer, Mrs. Ferguson, Moderator. Front row: Tricia Kinn, Junior Vice-President, Debbie Stewart, Historian, Paula Mitchell, Sophomore, Freshman Vice-President.

FHA, Future Homemakers of America, is one of the largest and most active clubs on campus. It is a branch of a national club whose declared purpose is to help individuals improve personal, family, and community living. In partial fulfillment of this goal, FHA members adopted a needy family at Christmas. The girls collected food, clothing, and blankets to better the family's welfare. They also give a portion of all the money they raise to a scholarship program. All in all, FHA activities proved beneficial as well as fulfilling.

In either their junior or senior year, students who have been outstanding in the areas of leadership, scholarship, service, and character are recognized by admittance into the Seat of Wisdom Chapter of the National Honor Society. This is the main purpose of the organization.

However, NHS also attempts to make these students aware of their obligations, as honor students, to the school and community. Hopefully, NHS provides a base from which they can begin to fulfill these obligations.

Along with the privilege of being an NHS member (an NHS card allows a student to leave any class, with the permission of the teacher), there are the duties. All members must be available to tutor less talented students. Members receiving detention must report this to the moderator, Mr. Welch, and ask for double detention, as a point of honor. Dues of \$1.00 per month are also required.

# Writers Honored by Society

The Quill & Scroll Society is an honor club for journalism students. To become a member, a student must work for either the newspaper or annual for a period of six months to one year, and maintain 2.5 grade average. The SM club is a branch of a nation-wide organization whose efforts are directed towards bettering the art of journalism.

SM's Quill & Scroll group sponsored hot dog and chili dog sales in order to raise money so two students can attend a journalism workshop this summer.

Standing: Jim Brodie, President; Patti Patton, Sue Shivers, Historian; Theresa Jarzabek, Jim Mandigo. Sitting: Sarah DePaul, Secretary; Sue Butler, Nancy Askins, Vice-President; Jackie Bell, Not pictured; Mori Kramer, Kathy Mannhard, Treasurer; Betty Lemburg, Greg Pentkowski, Kris Spear.

# Parents Proudly Participate

The Parent's Club defines its purpose as "to coordinate the spiritual and educational forces of the Home and School for the mutual benefit of the faculty, parents, and students

This reveals nothing of the dynamic nature of the Parent's Club. From the experience of following students schedules at the annual Open House to the hectic planning and operation of Las Vegas Night, the club helps parents become actively involved with SM

Las Vegas Night, the principal fund-raising project of the Club, provides money which is spent for much needed equipment and scholarships

The officers of the Parent's Club for '70-'71 were President Darrel Burch, Vice-President Bill Davis, Secretary Mariellen Douthat, and Treasurer Ina Rodriguez. Under their guidance, parents contributed to various committees, among these the Dress Code Committee, Drug Committee, Chaperone Committee, Band Committee, and Athletic Committee

For the student who displays outstanding characteristics of civic-mindedness, responsibility, leadership, and initiative there is the possibility of being chosen Citizen of the Month.

Student Council singles out those students which it feels are deserving of this honor and sends three names a month to each homeroom. Students vote on these names, deciding which of the three is most worthy of this honor.

Each year there are some students who either through hard work or extraordinary talent are deserving of special recognition. This is provided by awards which are presented each year. These awards cover the fields of leadership, talent, and writing ability. The students who receive these awards also receive a special honor.

Achieving the status of Valedictorian requires more than brain power. The extra ingredient is hard work, and Jim Brodie has supplied plenty of it

Jim's journalistic endeavors have dominated his years at SM, resulting in his appointment as Editor-in Chief of the Knight and election as president of the Quill and Scroll Society. Membership in the Mayor's Youth Advisory Board, Chess Club, and W A L L. have also kept him busy

Jim received the "Outstanding Junior Boy" Award from U of A and is a member of the National Honor Society. He has also received the Science Award from Optimist International Club and various awards for participation in Chess and Speech Tournaments

Jim has also been actively involved in the Phoenix SEARCH Program since his sophomore year

"Funloving" may seem a strange word to use when describing the Salutatorian of the Class of '71 but it fits Debbie Gondek beautifully!

Maintaining an outstanding scholastic record has not been Debbie's only concern. School activities have centered around her band and newspaper. In her senior year Debbie filled the posts of Co-Editor of the Knight and Vice-President of the band (she is also a band Letterman).

Membership in the National Honor Society and Quill and Scroll are two of Debbie's honors, along with awards for her efforts in music and art. She was recently awarded a Gold Cup from the National Federation of Musicians for three consecutive Superior Ratings for piano solos.

Away from SM, Debbie co-directs and participates in the performances of "The Young Tamburitians" a Croatia folk singing group.

The Mother Brunner Award is presented each year to the girl who symbolized the spirit of SM. This year the students and faculty have chosen Susie Stuart as this girl

Ever since Freshman year, Susie has been involved with SM. She has served as Sophomore Class Secretary, Student Body Recording Secretary, and Student Body Vice-President. During her Junior year, Susie also spent volunteer hours at Phoenix Veterans Hospital. For this, she was awarded the Outstanding Junior Volunteer Award for 1970

Although much of Susie's time is spent fulfilling her Vice-Presidential duties, she still finds time to participate in NHS, FHA, and previously the Spanish Club. Her other free time goes into such events as the Student Council Workshop and Convention, and Anytown.

That is what SM really is, people working to help people, and Susie Stuart has spent four years in service to all SM students

The Knight of the Year is the boy who does the most to represent St. Mary's. Joe Rodriguez represents SM in many ways and was recognized by the students and faculty when they chose him Knight of the Year

Joe has spent three years representing his fellow students in student government. He has filled the positions of Sophomore Class Vice-President, Junior Class President, and Student Body President. He also serves as Senate Judge and Key Club President. The summer of '70 he spent a week at Boy's State

His "outside" honors include the Elks Club Outstanding Leadership Award in '71. This list of activities clearly shows how well Joe has represented SM

*Without a breeze...leaves would have no life  
Without a sun...flowers would never grow  
Without the trees...birds would have no home*

Nature has been good to us. She has blessed America with the natural resources so necessary to make a country great.

Over the years, we have converted these natural resources from unusable raw materials to industrial products unmatched anywhere on earth. From a simple light bulb to spacecraft capable of landing men on the moon, we have matched our natural resources with the resources of technology to achieve the heights of scientific accomplishments.

Along the way to success, we have overlooked the mother who spawned these achievements. To provide steel to build cities, we have stripped our earth of coal and dumped the residue in our lakes and rivers.

Trees that provide us with oxygen have been leveled to build homes in the suburbs, creating urban sprawl. To reach our cities, we have lined our countrysides with concrete to accommodate our nation's greatest polluter: the internal combustion engine.

We are all members of a society that demands throwaway bottles, a second auto, and electricity for our homes. We must all share the blame for America's environmental problems.

If the leaves are to have life, if our flowers are to grow, and if the birds are to have a home, today's youth must also accept the challenge with constructive effort. Your actions today will determine the course of our nation.

America can't wait for the next generation. By then it could be too late.

CLASS OF 1940

Our electric tv didn't do nearly  
as much for the class of 1940  
as it does for the graduates  
of today. In their TV stereo  
clothes dryer and a lot  
of the things that  
weren't even around in those days.  
Today even though our electric  
does more for you it still does  
it at a low, low cost. Tomorrow  
you'll demand even more energy from us  
and we'll be ready with more  
than enough to meet your needs.  
Because we care how you live.

# “My Hope For You, My Prayer For You...”

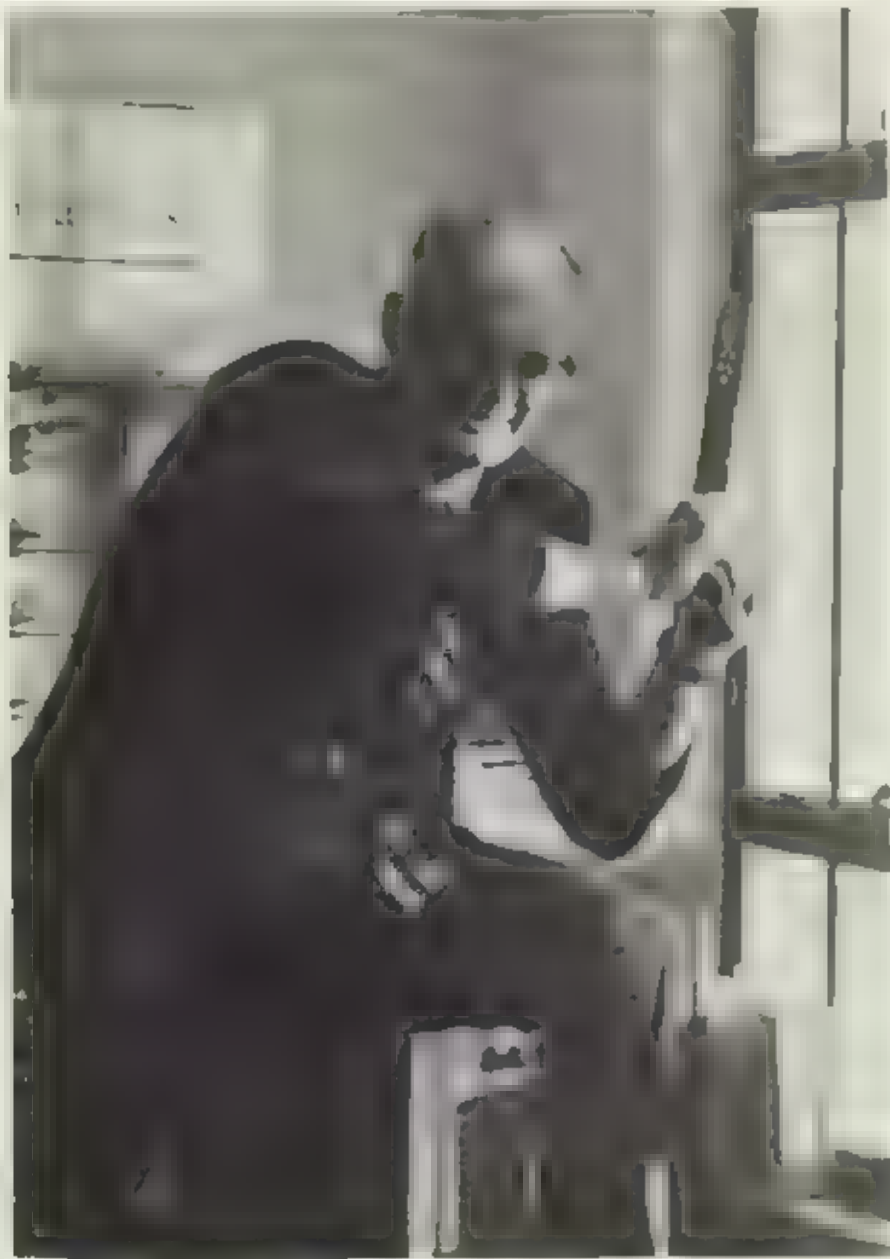

“This is my message to you: first of all aim very high; set your ideals high. Then overcome any obstacles between you and your ideals—work at it.

Be secure in the knowledge that you're doing your best, and you will achieve success. . . That's my hope for you, my prayer for you.” This is the tradition Coach Ed Doherty leaves with St. Mary's.

After six years at SM, Coach moves on to face yet another challenge: the rebuilding of the football team at Holy Cross College. The move has a built-in homecoming for Mr. Doherty, he was born and raised “just forty minutes from his new post.

SM will miss Coach but an Irish blessing which hung in the gym at the last assembly in his honor says it best. May the wind be always at your back and the Lord hold you in the palm of his hand.

# A Yearbook Never Forgets

Congential Mr. Ladue, Advisor

Forgive O Lord my little  
jokes on Thee  
And I'll forgive Thy  
great big one on me
